July 2, 2019

Dear Colleagues:

Beginning in September 2019, the Audit and Management Advisory Services Work Group and Ethics, Compliance and Risk Council are being combined into the Audit, Compliance, Ethics and Risk Committee (ACERC). I ask that you accept this appointment to join me in serving on the ACERC for fiscal year 2020.

The ACERC functions as a coordinating and decision-making body responsible to the Chancellor, in the below areas:

Audit and Management Advisory Services:

- Assist in ensuring Audit and Management Advisory Services is carrying out its mission and maintaining its objectivity and independence.
- Review audit results (external and internal), activity reports, status of corrective actions, and areas of concern.
• Approve changes to the annual audit plan.
• Make recommendations to the Chancellor and Provost to strengthen internal control systems on campus and at UC Davis Health.
• Evaluate the adequacy of resources of the Audit and Management Advisory Services department.
• Review and approve the annual audit plan prior to submission to the UC Regents for approval.

Ethics, Compliance and Risk:

• Promote a culture that encourages all employees to conduct University business ethically and with a commitment to legal compliance.
• Provide executive-level oversight of University programs to ensure that they comprehensively address high-priority risks as identified by the Compliance and Risk Council and the ACERC.
• Review and approve the annual compliance plan.
• Bring forward for discussion and coordination such high priority compliance and risk issues as may have University-wide implications or may require collaboration among several Vice Chancellor or Vice Provost units to resolve.
• Make recommendations to the Chancellor and Provost to strengthen the compliance and risk programs on the Davis campus and at UC Davis Health.

The ACERC will meet three times a year. The complete meeting schedule will be distributed under separate cover. If you have any questions concerning this committee, please contact Audit and Management Advisory Services Director Leslyn Kraus at (530) 752-9168 or lakraus@ucdavis.edu, or Chief Compliance Officer Wendi Delmendo at (530) 752-9466 or wjdelmendo@ucdavis.edu.

Best regards,

[Signature]

Gary S. May
Chancellor
